BMW of North America, LLC

Technical Training

ST1600

1/1/16

Information Status: **January 1, 2016**

Course Code: **ST1600 F30 PHEV Complete Vehicle**

The information contained in the training course materials is solely intended for participants in this training course conducted by BMW Group Technical Training Centers, or BMW Group Contract Training Facilities.

This training manual or any attached publication is not intended to be a complete and all inclusive source for repair and maintenance data. It is only part of a training information system designed to assure that uniform procedures and information are presented to all participants.

For changes/additions to the technical data, repair procedures, please refer to the current information issued by BMW of North America, LLC, Technical Service Department.

This information is available by accessing TIS at www.bmwcenternet.com.

Safety Notice!!!

The diagnosis and replacement of the high-voltage components and high-voltage battery unit is only allowed in a retail service center that has qualified and certified service technicians. These technicians must have completed the ST1507 F15 PHEV Complete Vehicle instructor led course and successfully passed the written certification.
